## Поправка

К статье O. Sazhin, «Rarefied gas flow through a channel of finite length into a vacuum»
(ЖЭТФ **136**, 811 (2009)).

In Fig. 2$a$ the presented data for the rarefaction parameter $\delta > 10^0$ are incorrect. A correct variant of the figure is given below.

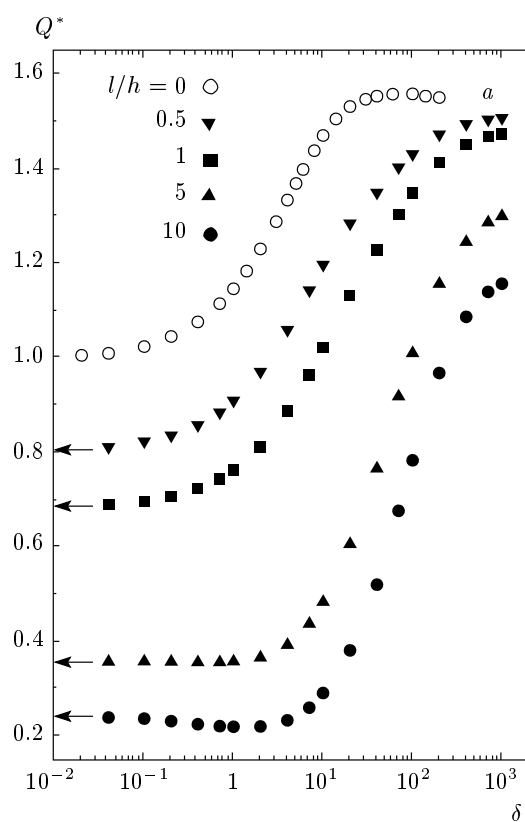

**Fig. 2.** $a$) The dimensionless mass flow rate $Q^*$ as a function of gas rarefaction parameter $\delta$ for various reduced channel length $l/h$
